Asia Pacific Region ISSUES

INDUSTRY REVOLUTION 4.0 IMPACT

1. Spending on social sectors—health, education and social protection—should be increased to build human capacities, especially of the disadvantaged, and reduce inequality in human capital.
2. The gap between rural and urban areas and across provinces must be bridged.
3. Productive and decent jobs are a must for inclusive growth.
4. Good Governance To Create More Opportunities And Equalize Access. Promoting Wider Participation, Strengthening Rule Of Law, Reducing Corruption, And Eliminating Social Exclusion.
